

Redesigning these resources will take some time and we want to continue to work with parents to help us make the right decisions. Would you be interested in finding out more about being one of our volunteer parent advisers, to help guide the development of our new products?

If you are happy for us to contact you again in the future to explain more about this opportunity, please tick the box and provide your contact details below. You can opt out at any time if you change your mind about being involved in the redesign.

I agree to my contact details being passed to NHS Health Scotland ReHIP project staff with a view to being contacted about possible involvement in a group of national parents advisers.	<input type="checkbox"/>
